To Whom It May Concern:

It is my pleasure to provide this letter of recommendation for Mrs. Aruna Kolli. Mrs. Kolli currently serves as a special education teacher at Sharon Elementary School. I have had the opportunity to work closely with Mrs. Kolli for the past six years and I am familiar with her professional capacity.

Mrs. Kolli is very knowledgeable and plays an integral role in our school community. She works closely with our special education team and is often asked to serve as a mentor and leader in this department. She is very meticulous, organized and detailed in the work that she completes.

Mrs. Kolli goes above and beyond for her students and provides personal, emotional, social and academic support. She sets goals for her students that enable them to grow as individuals and prepare to be productive and successful citizens. She works many long hours and is always willing to complete any task assigned to her. In fact, she often looks ahead to the big picture and completes tasks before they are assigned.

I believe that Mrs. Kolli's professionalism, honesty and effectiveness make her someone worthy of your consideration for any position in which she pursues.

Sincerely,

Freda Doster

Freda Doster, EdD
Principal
